

BRING THE WORLD OF FLEA TO YOUR SCHOOL!

An extraordinary cinematic author visit with award-winning children's author Nicola A. Lewis

This is no ordinary author visit. This is a magical adventure brought to life!

Imagine your pupils stepping beyond the pages of a storybook and into a breathtaking world of magic, friendship, courage and adventure.

For the first time, **The World of Flea comes alive on screen** through a specially produced, three-minute cinematic fantasy film, created from the characters, stories and illustrations of Nicola A. Lewis's children's book series.

Combining cinematic storytelling with a lively, interactive author experience, this exciting school visit introduces children to Flea and her friends in a way they've never experienced before.

From page to screen to classroom, the adventure begins here!

A little pixie. A big message.

At the heart of The World of Flea is a message that every child deserves to hear:

You don't have to be big to achieve extraordinary things.

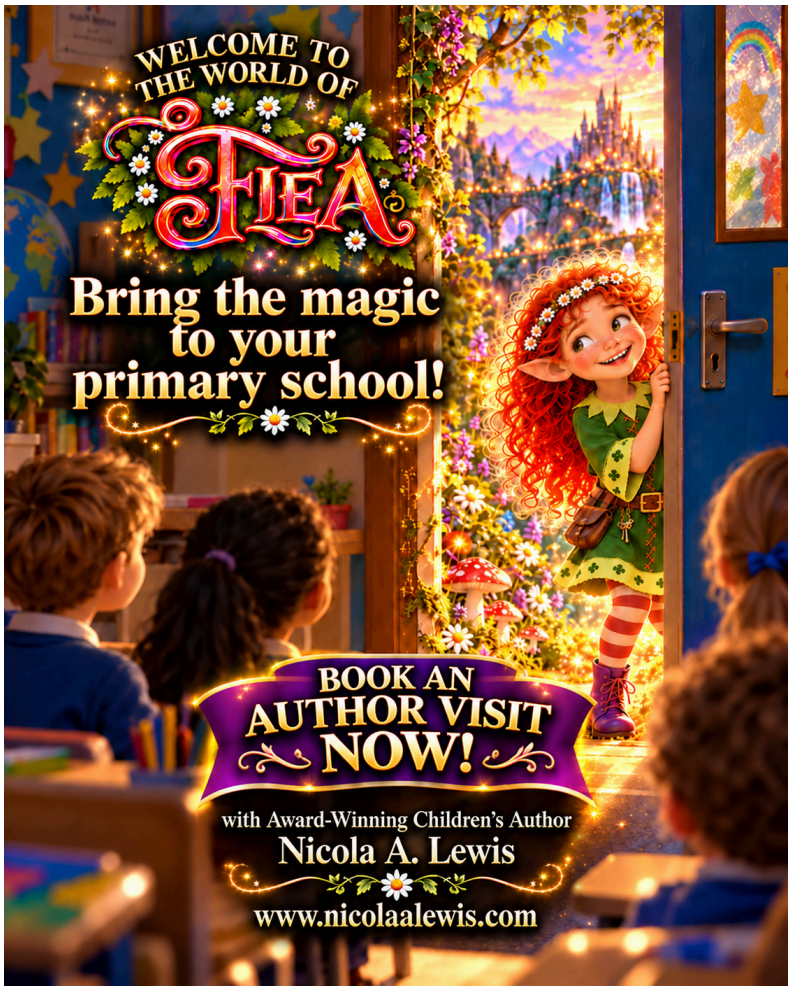

Through Flea's magical adventures, pupils explore the importance of friendship, courage, imagination and believing in themselves.

Nicola's passion is to inspire children to read for pleasure, discover the joy of storytelling and understand that their own ideas and creativity have value.

By combining the excitement of cinema with the personal experience of meeting the author, children are encouraged to explore the world behind the books and begin creating stories and characters of their own.

The cinematic experience

Three minutes of movie magic. A whole world of imagination.

Every visit begins with a special screening of **Welcome to the World of Flea**, an immersive three-minute cinematic film that transports pupils into Flea's magical world.

Children will see the characters, landscapes and adventures brought to life on screen, creating a vivid introduction to the stories before meeting the imagination behind them.

The film provides an exciting starting point for questions, storytelling, discussion and creative exploration.

And the magic doesn't end when the screen goes dark — that's when the children become part of the adventure!

Classroom workshops

An interactive storytelling and character-creation experience.

Following the cinematic introduction, Nicola takes pupils behind the scenes of The World of Flea, exploring how stories are imagined, how characters are developed and how adventures begin.

Then it's the children's turn!

Each pupil is invited to imagine a brand-new character and a place for Flea's next adventure.

Through guided discussion, creative writing and drawing, children develop their ideas using a specially prepared worksheet supplied by Nicola.

The experience encourages imagination, self-expression, communication and creative confidence, with opportunities to share their creations with classmates.

Workshops can be adapted for pupils across **Key Stages 1 and 2**, supporting age-appropriate literacy and creative learning.

Duration: 50–60 minutes per class
Maximum group size: 30 pupils
Resources: Character-creation worksheets and cinematic presentation equipment supplied by Nicola.

Larger assembly presentations

One magical world. A whole school of imagination!

For larger groups, Nicola brings The World of Flea to life through the cinematic film, interactive storytelling and character discussions.

Pupils are invited to contribute their own ideas as they work together to invent a completely new character for Flea to encounter.

As their ideas take shape, Nicola draws the character live on a large easel, transforming the children's collective imagination into a visual creation.

It's a lively, inclusive experience designed to encourage participation, creativity and enthusiasm for storytelling.

Duration: 50–60 minutes
Resources: The Author supplies the cinematic presentation and drawing equipment.

Author visit packages

We offer flexible options to accommodate different school sizes and timetables.

- **Single classroom workshop (up to 30 pupils): £150**
- **Two classroom workshops: £250**
- **Three classroom workshops: £350**
- **Four classroom workshops: £450**
- **Larger assembly presentation: £175**

Single classroom workshops and assembly-only bookings are available within a 50-mile radius of the author's postcode.

For schools further afield, a minimum booking of three classroom workshops applies, with additional travel or accommodation arrangements discussed where necessary.

Make the magic last — signed books

Schools can also arrange opportunities for pupils to purchase signed copies of Nicola's *Flea* books during her visit.

Advance book orders can be coordinated with the school, allowing children to take home their own signed adventure and continue exploring The World of Flea long after the visit.

Safeguarding and professional standards

Nicola A. Lewis is DBS checked and committed to safeguarding and professional best practice. She can present her DBS certificate to the school on arrival.
